Child Safe Recruitment Practices

At Goulburn Valley Grammar School, we are committed to ensuring that our recruitment practices create a safe environment for our students. To this end, we have established policies and procedures for recruiting employees, Board Directors and Direct Contact Volunteers and for assessing their suitability to work with children. Our recruitment processes are designed to select appropriate staff, Board Directors and Direct Contact Volunteers and discourage inappropriate people from working within the School.

Before completing an application, it is essential that applicants have carefully read the child safety policies and procedures on the employment section of the website.

Screening and Suitability Assessments

It is our policy that all applicants for positions of employment will undergo screening including:

- verification of their WWCC clearance or registration as a teacher
- personal identity verification and background checking
- verification of professional or other qualifications relevant to the job
- an examination of their history of child-connected work
- reference checking that addresses the person's suitability for the job and working with children

How to Apply

Email written applications, including the information below to: humanresources@gvgs.vic.edu.au

- Resume and application explaining how the candidate has demonstrated the capabilities outlined in the position description
- Contact details for three referees
